VALDEY This island, famous for the Epi Sævi in saga, and for Sjong Mel-lacen, a deep hollow in the mountain, with caves dating from the Stone Age.

GOSBY, an island demarcated by Letter H, is a mountain, which according to tradition was the mountain of sacrifice, the victim being cast over the summit.

Isle of **GISKE** noticeable for its low, flat form. The legend says it rose above the ocean at the beginning of time. It was the ancestral home of Norway's powerful Lords Arnungens. Olste Church.

RUNDE ISLAND which has Norway's southernmost 'sign' hild sanctuary.
